Abstract [Times NR 12, centered]

Abstract of the paper should not exceed 250 words in length; paragraph should be justified with 1cm indent on both sides. Use Times New Roman 10. The abstract should summarize the main papers contents. It should focus on literature justification, main objective and methodology.

Keywords: Construction, Template, Research [3 to 5 key words, Time NR 10, Italic]

1.0 Introduction [Times New Roman 11]

Authors are request to read the instructions carefully.

1.1 Research background [Times New Roman 11]

Authors are responsible for all the material presented in the papers.

1.2 Problem statements [Times New Roman 11]

The overall length of the paper should not exceed 5 pages (excluding references and appendices).

1.3 Research Questions [Times New Roman 11]

This section should include research questions.

1.4 Research Objectives [Times New Roman 11]

This section should include research objectives.

1.5 Significance of the study [Times New Roman 11]

This section should include significance of study.

1.6 Scope of the study [Times New Roman 11]

This section should include scope of study.

2.0 Literature Review [Times NR 11]

This document serves as the template as well as guide to authors for submission of BPD I, FPTP.

The paper must be with page size of A4. Body of paper should be formatted in one column, with 2.54 cm (1") top, 2.54 (1") bottom margins and 2.54 (1") margins on sides.

Use Times New Roman font pt 11, single spacing, justified on both sides. However the headings must be followed by using Times New Roman font pt 11.

This section should include all relevant literatures related to the research. Please refer below for 'paragraphs' and 'figures and tables' for guidance.

2.1 Paragraph [Times NR 11]

The first line is to be indented 1 cm to indicate the beginning of each paragraph. Do not change your font sizes or line spacing, and

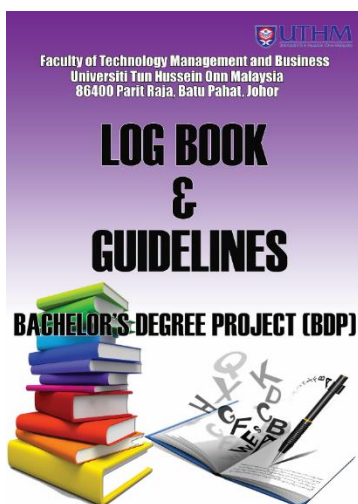

try to avoid headers, footers and footnotes. The reference should be mentioned.

2.2 Figures and Tables [Times NR 11]

All figures must carry numbers in the text (e.g. Fig. 1) and captions. Captions should be complete enough to allow understanding of the illustration without referring to the text.

In addition, a source of the image other than the author's own archive should be placed directly under the image (author, date) and the font size by 1pt smaller than the caption.

Use single blank lines before and after the image.

If table data is from another source, cite the source at the bottom of the table and include it in the Reference Section (see example).

Each table should be given a brief title and consecutively numbered.

Place them as close as practicable to the relevant part of the text.

Insert single blank lines before and after the table.

Avoid using colors unless it is necessary for the proper interpretation of your figures.

Table 1: Population of the World
(centered on the page)

Rank	Country	Population
