BEST THESIS NOMINATION FORM

Instruction: Supervisor is required to check all the indicators by ✓ in the checklist provided.

Student's Name :

Matric No. :

Supervisor's Name :

Programme :

BDP Title :

.....

.....

Indicators	Descriptions	Checklist (Supervisor)	Checklist (PSM Committee)
Abstract	Very clear abstract that consist of:		
	• Brief Introduction		
	• Problem Statement		
	• Objective(s)		
	• Scope		
	• Methodology		
	• Findings		
	• Conclusion		
	Not exceeding 250 words, presented in precise and well-organized structure		
Turnitin*	Less than 30% *Please attach a copy of Turnitin Report		
Writing	Able to produce excellent written report that fulfil the following criteria:		
	• Originality		
	• Coherent		
	• Syntax		
Spelling	Less than 10 spelling mistakes		
Pages	80 to 100 pages (excluding Appendix)		
References	Less than 3 references are not included in the reference list		

	Sources of reference are very reliable (from verified journals or original sources)		
Formatting	Follow the format of UTHM thesis Writing Guideline very closely		
Content	Relevant to programme taken		
	Research background consists of the followings:		
	• Research justification		
	• Area of study		
	• Significance of study		
	• Well-structured flow and organization		
	Consists of further information regarding problem statement and clarification of the following:		
	• Related issues		
	• Justification of issues		
	• Flow of ideas and research are presented in precise and well-organized structure		
	Research questions and objectives:		
	• Well-defined purpose		
	• Measurable		
	• Researchable		
	• Presented in precise and well-organized structure		
	Literature review		
	Sufficient discussion of previous work, fundamental knowledge, and related theories		
	• Referred to more than 10 journals		
	• References are cited correctly		
	• Well-presented flow and organisation/structure		
	Methodology consists of detailed information regarding the followings:		
	• Identifies an appropriate research design to carry out research project		
• Correct methods/tools/instruments			
• Clear justification			
• Well-presented flow and organisation/structure			
Data analysis and results demonstrate:			
• Appropriate use of techniques			
• Accurate reporting of results			
• Clearly explained results			
• Well-presented flow and organisation/structure			
Discussion, conclusion and recommendations:			
• Critical discussion of results in relation to previous works			
• Critical discussion of results in relation to related theory			
• Fulfil the research objectives			
• Significant contribution to knowledge/practice/society			
• Limitations are clearly acknowledged (i.e. related to methodology, variables etc., and not in terms of time, respondent's cooperation etc.)			
• Well-reasoned theoretical/practical/societal recommendations			
• Findings with significant contribution are discussed and presented in precise and well-organized structure			

Achievement and Recognition	• National conference		
	• International Conference		
	• Innovation Competition		
	• Journal Publishing		
	• Research Grant		

JUSTIFICATION(S) (IF ANY)

** The supervisor justification should state the merits and contribution of the research and not necessarily specify the student grade.*
